

## **LEED® CERTIFICATION INFORMATION for PHENOLIC**

NTP is pleased to join the efforts of the U.S. Green Building Council and LEED® program that improves environmental and economic performance of commercial buildings.

The LEED® program certifies buildings that meet standards utilizing energy, environmental design, and products as defined in the LEED® rating system. The use of NTP Phenolic toilet partitions and lockers can help contribute points in specific categories.

MR Credit 4.1 and 4.2

Possible Points - 1 or 2

---

### **Recycle Content – Specify 25% or 50%**

NTP contributes to this credit by offering our Phenolic Toilet Partitions and Lockers. Our product contains a minimum weighted average of 20% post-industrial recycled content material.

MR Credit 5.1 and 5.2

Possible Points – 1 or 2

---

### **Local/Regional Materials – 10% or 20% Manufactured Locally**
