

RH-111-200 Satin Finish Technical Data Sheet

Single Robe Hook Surface Mounted

MATERIALS: Single Robe Hook to be fabricated of stainless steel alloy 18-8, type 304.

SPECIFICATIONS: Single Robe Hook to be fabricated of stainless steel alloy 18-8, type 304, Satin Finish. Post will be 1/2" x 1" rectangular tubing with formed mounting flange and bracket welded on end. Cap plate to be 14 gauge, 3/4" x 1-1/4", and corners will have a radius and internally welded to outer end. Mounting plate will be included and will be 18 gauge. A stainless steel set screw will be provided on bottom perimeter of flange to lock unit to mounting plate.

OVERALL SIZE: 2" W x 2" H x 2" D
(51 mm W x 51 mm H x 51 mm D)

OPERATION: Hook is only to be used to hang a robe or other like clothing. Small carry bags may be hung from unit.

INSTALLATION: Surface mount unit on back of door or wall using # 10 self tapping screws through holes provided in mounting plate into suitable prepared mountings or other suitable mounting hardware to suit door or wall conditions. Hang post and flange assembly on mounting plate and tighten setscrew to lock unit to plate. For general utility install hook with centerline of mounting plate 68" above finished floor. Screws are not provided by manufacturer.

ADA ACCESSIBILITY GUIDELINES: The unit is to be installed with top of hook 48" maximum above finished floor if clear floor forward reach or if clear floor side reach access only is provided or 46" above finished floor if side reach access over an obstruction such as a vanity with reach depth greater than 10" and less than 25" is only provided or 44" above finished floor if forward reach over an obstruction with reach depth greater than 20" and less than 25" is only provided.

The manufacturer reserves the right, without formal notification, to implement changes to the design and dimensions.
